**ORAL MENTION**

EX MIN 13/295

**ORAL STATEMENT BY HE THE GOVERNOR**

“I should like to make a short statement on Cap Juluca to correct some things the Chief Minister said in his radio interview this morning which risked being misleading:-

- Under the Constitution of Anguilla finance and tourism are among the issues devolved to the elected government. It follows that decisions on Cap Juluca are for the elected Ministers, not for the Governor;

- It is incorrect to suggest that I prevented the Chief Minister from talking to developers or potential developers. In the early part of 2012 EXCO unanimously decided, with the agreement of the Chief Minister, that Foster Rogers should be our spokesperson in dealings with potential developers, but that was not imposed on EXCO by the Governor, nor do I have the powers to do so”.
