Revised Regulations of Anguilla: P40-6

PETROLEUM ACT (R.S.A. c. P40)

PETROLEUM SALE OTHER THAN AT PUMPS OR SERVICE STATIONS REGULATIONS

Note: These Regulations are enabled under sections 10(2)(e) and 16 of the Petroleum Act, R.S.A. c. P40.

Quantity to be stored

1. A quantity not exceeding 50 imperial gallons of petroleum may be kept for sale other than at pumps, garages or service stations.

Method of storing

2. All petroleum kept for sale shall be kept in sound tins or drums, and when such tins and drums contain or have contained volatile petroleum, they shall be kept and stored in a non-inflammable chamber, fitted with a non-inflammable door, such chamber and door to be constructed to the satisfaction of the Chief Engineer in a place approved by him.

Leaking tins or drums

3. Any tin or drum found to be in a leaking or damaged condition shall be immediately removed to a place of safety in the open air, and the petroleum therein contained transferred immediately to a sound tin or drum.

Provision of sand or extinguisher

4. There shall be maintained to the satisfaction of the Accountant General in the vicinity of any petroleum stored for sale an adequate quantity of sand in suitable receptacles or some efficient type of foam extinguisher to be used in case of fire.

Citation

5. These Regulations may be cited as the Petroleum Sale other than at Pumps or Service Stations Regulations, Revised Regulations of Anguilla, P40-6.
